Camping

The **Jura Hotel** offers camping on their shoreside field. Showers, toilets and laundry facilities are available at the hotel.

If you're **wild camping**, please respect our island and camp responsibly. However wild the landscape looks, it is *all* worked - please inform the landowner to avoid interfering with stalking and farming.

When parking up your **caravan** or **motorcaravan**, please ask the closest house for permission - they may even be able to suggest a better spot!
